

VIU School of Archaeology

Archaeology Course Lecture Schedule

2018 / 2019

MASTER OF ARTS: ARCHAEOLOGY & BIBLICAL HISTORY

Attending Lectures, Seminars, and Labs in the VIU School of Archaeology:

Archaeological lectures/seminars for the MA program are held at the VIU Teaching Site in Albuquerque, NM (ABQ) or through streaming online. Non-archaeological courses are completed at the VIU Main Campus in Santa Ana or through distance learning. Courses may also be taken at distance or by arrangement.

Laboratory sessions are held in Albuquerque (NM) at the Tall el-Hammam Excavation Project (TeHEP) Archaeology Research Center (ARC). If you plan to register for these courses or Labs it must be through the VIU main campus in Santa Ana, CA. Please do not assume that since your name appears on an attendance list just because a course is in your degree program or on your registration. This is because there are course formats available that do not include live attendance. Modular credit toward MA courses may also be earned by attending weekly Open Lecture/Seminar (OLS) sessions at the ABQ Teaching Site, held most Tuesday evenings (6:30–9:30pm) throughout the year (always check the OLS schedule before attending). All 3-day (always Thursday through Saturday) lectures/seminars and lab sessions meet from 9am to 5pm.
